The logo for Daylight is a dark blue rounded rectangle with a white border. The word "Daylight" is written in white, bold, sans-serif font. A small red square is positioned above the dot of the letter 'i'. Below the rectangle is a horizontal bar with a gradient from orange on the left to red on the right.

SUSSANNE KHAN

INTERIOR DESIGNER AND FOUNDER - THE CHARCOAL PROJECT

The kitchen space in our homes is that place which indulges the head and the heart both,
resulting in preparations that go beyond lasting taste and aroma.

A well-styled kitchen fulfills your need and desire to
keep experimenting and experiencing the delightful.

In collaboration with Chirag Parekh and his visionary company Acrysil Ltd,
we are extremely pleased to present our latest collections, designed with taste and refinement.

Come, revel in the new offerings.

PVD

PVD TECHNOLOGY

PVD stands for Physical Vapour Deposition. This futuristic process creates a molecular bond to our sinks and faucets resulting in the most durable finish possible today. Carysil's products with PVD finish will not corrode, discolour, or tarnish.

Extremely durable

Salts, acids & Detergent resistant

Scratch proof

Anti-tarnish

No harmful chemicals are released in the environment while manufacturing

100% suitable for food use

WHY PVD?

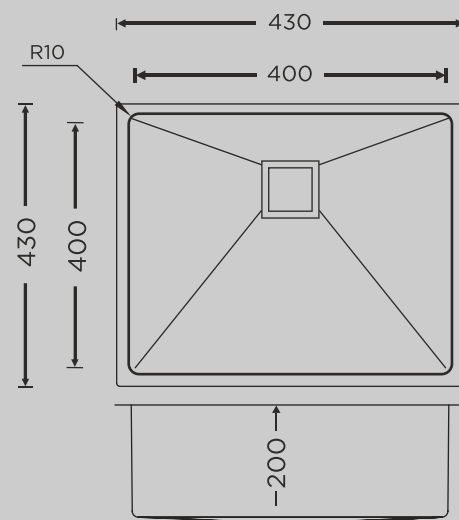

PVD has comparatively high hardness compared to conventional stainless steel sinks, high scratch, abrasion & corrosive resistance. They also resist salts, acids & detergent products present in domestic environment. PVD sinks remain truly a green product because no harmful chemicals are released into the environment while making them, The sinks are 100% suitable to food use. With this technology different finishes like, rose gold, yellow gold, gun metal & other vintage finishes are achieved.
